#### PANIC IN LONDON.

##### How a Run on a Bank Was Inaugurated.

National Associated Press to the Star.  
LONDON, Jan. 17.—In consequence of a street accident this afternoon, a crowd of people assembled in front of the London Bank.  
A report was spread that a run had begun on the bank, causing a rush of people to Lombard street, and a real run on the bank followed. An immense crowd now lines the street, and the presence of a police force is necessary to regulate traffic.

#### DREARY DEATH.

##### An Ice Bound Brig With a Frozen Crew.

National Associated Press to the Star.  
NEW YORK, Jan. 17.—Capt. Kane, of the schooner *Flirt*, from Gloucester, Mass., says that while ice bound in Placentia Bay, northeast of Newfoundland, on the 5th inst., he discovered the hull of the French brig *Adelaide* Foland, imbedded solidly in the ice. The bodies of four men and a woman were found frozen solid. The vessel left St. Pierre November 16th, with a load of fish, for France.

#### FATHERLY CARE.

##### The Legislature Laboring Over Cincinnati's Wants.

Special to the Star.  
COLUMBUS, Jan. 17.—In the House to-day Mr. Lovelace introduced a bill to regulate the management and control of the Southern Railroad.

It provides for the appointment of four additional trustees, to be appointed by the Superior Court, and fixes a salary of \$1,500 per year for each trustee. It further provides that hereafter the trustees will be elected by the people, three retiring and three being elected each year.

Mr. Jessup introduced a bill to repeal the law authorizing the employment of stenographers in any court in this State.  
A bill to provide for a Criminal Bailiff for Hamilton County is pending in the Senate, and will likely pass both Houses.

#### TO-DAY IN CONGRESS.

##### National Associated Press to the Star.

HOUSE.  
WASHINGTON, Jan. 17.—Mr. Banning presented the memorial of the Board of Trade of Cincinnati protesting against the passage of the bill now pending in Congress to revise and amend the patent laws. Referred.

The regular order having been demanded, the Speaker called the committees for reports of a private nature.

SENATE.  
The Chair laid before the Senate communications from the Secretary of War transmitting the report of the Commanding General of the Department of the Missouri in regard to the establishment of a military post in the vicinity of El Paso, Texas. The Secretary approves the recommendation of General Sherman that \$40,000 be appropriated to build such a post.

#### FOREIGN.

##### GRANT'S BRILLIANT BANQUET.

##### Better Days for Turkey.

##### National Associated Press to the Star.

##### France.

PARIS, Jan. 17.—The attitude of deputies is decidedly hostile to M. Dufaure's Ministry, and a change is very probable.

BEAUTY AND FASHION WERE THERE.  
President MacMahon gave a grand banquet in honor of General Grant, at Elysee. Among those present were M. Waddington and General Noyes and their wives; also representatives of Chile, Salvador, the Argentine Republic, Chili, Guatemala, Peru, Colombia, Uruguay, together with numerous naval and military celebrities. The beauty and fashion of Paris were also largely represented.

THE LEFT GROWS GREEDY.  
PARIS, Jan. 17.—The Left have fully made up their minds to have the Ministers, and are determined to remove all but Republicans from office and to carry out the wishes of the electoral body, especially as regards the Ministry war.

INTENSE POLITICAL EXCITEMENT.  
PARIS, Jan. 17.—The Ministerial statement read in the French Chambers yesterday has added to the political excitement and increased the imminence of a Cabinet crisis. Rumors are current that President MacMahon will request Gambetta to form a new Cabinet. The Dufaure Ministry is certainly doomed.

##### Great Britain.

##### DEATH OF WARD, THE ARTIST.

LONDON, Jan. 17.—Edward Matthews Ward, an eminent painter, is dead.

##### THE OBSTRUCTION ASSESSORS.

LONDON, Jan. 17.—The American frigate *Constitution* is ashore at Oldharrie Point, off Stirling Bay, on the English coast. She is reported in a dangerous position, and tugs have been dispatched to assist in getting her off.

##### Afghan War.

##### ANARCHY IN CABUL.

LONDON, Jan. 17.—A dispatch from Lahore says anarchy reigns in Cabul. The Khan of Kunar, a powerful religious chief, has submitted to the English forces.

##### AN ATTEMPT TO FLENDERS.

LONDON, Jan. 17.—The victory of India telegraphs that the Kohis anis attempted to plunder Cabul, but Yakob Khan finally succeeded in restraining them.

##### Turkey.

##### WILL TAKE PAPER MONEY.

LONDON, Jan. 17.—Dispatches from Constantinople have a more hopeful air than usual. A definitive treaty between Russia

#### HUNTED DOWN.

##### Sad Scenes Among the Wounded and Captive Cheyennes.

##### Special to the Star.

CAMP ROBINSON, Jan. 17.—There are sad scenes among the captive Indians, and they suffer in silence. Near the prison door a squaw of sixty years lay in the throes of death, insensible, and pierced in seven different places with bullets, while within five feet of the expiring woman a female child aged seven was combing and plaiting the hair of her orphaned sister, and singing in a thoughtful hum some Indian lullaby strain.

##### Germany.

##### INSPECTOR OF CORRESPONDENCE.

LONDON, Jan. 17.—It is rumored that Bismarck is preparing a bill authorizing the opening of all letters at the frontier.

##### Irish News.

##### [From late Irish Exchange]

At a meeting in Dublin it was resolved to raise £35,000 within the next few years for rebuilding Jervis-street Hospital.

Mr. Quin, Accountant of the National Bank in Ennis, has been appointed Manager to the Castleisland branch, County Kerry.

After three weeks continued frost and snow, a thaw set in on Christmas eve, and extended over the whole of the United Kingdom.

Died, at his residence in Loughrea, at the age of eighty-one years, Mr. Wm. McCarthy, an extensive draper in that town for nearly half a century.

Patrick Madden, bailiff on the estate of Mr. Robert Henry, near Tuam, was fired at and received a gunshot wound in the head. He had recently had a dispute with some of the tenantry.

The schooner "Rival," while on the passage from Llanelli, South Wales, to Belfast, with a cargo of coal, went ashore near Portogale, on the County Down coast.

The vessel is owned by Mr. Samuel Keith, shipbroker.

Lough Neagh forms a promenade for large numbers of skaters, the first time for the last twenty-six years. It was patronized by immense numbers. It is reported that some parties made an attempt to cross Lough Neagh from Lurgan to the County Tyrone, a distance of twelve miles.

Tyrone derives its name from a Chief named Owen, tyr or tir signifying land. He died about the year 465, upwards of fourteen hundred years ago. This man was the ancestor of the O'Neils, and his descendants possessed not merely the county of Tyrone, but Londonderry and two baronies of Donegal. All this district was anciently called Tir-Oghain, or Owen's Territory, which is now written Tyrone and restricted to one County. The peninsula between Lough Foyle and Lough Swilly received also its name from him, Inishowen, i. e., Owen's Island.

#### WASHINGTON CITY.

##### Special to the Star.

##### AMENDMENT OF THE PENSION LAW.

WASHINGTON, Jan. 17.—The House Committee on Pensions has agreed to report a bill further amending the pension law for the benefit of the soldiers. The law of last June increasing the pension to \$72 per month for all soldiers or sailors who have lost either both hands or both feet, or the sight of both eyes, is to be amended so that a pensioner need not have literally lost these members, but by reason of paralysis or otherwise actually lost the use of them, may receive the pension of \$72.

##### MR. ADAMS'S SUCCESSOR.

Secretary Schurz and the President have about decided to select a practical Civil Engineer to succeed Charles Francis Adams, Jr., as a member of the Board of Commissioners of the Pacific Railroad.

The trouble is to find such a man who is willing to accept the place and go over the roads, as a Civil Engineer should do, in a careful examination of their condition.

##### LETTER FROM SENATOR GARLAND.

A letter received here from Senator Garland in Louisiana says the Republicans will give no intimation of what their future course may be. General Butler says he knows the committee will not go to Massachusetts, and believes they are only trying to drop out of existence without making much fuss in their exit.

#### CHICAGO.

##### Special to the Star.

##### The Logan Fight—Reno's Investigation—Soft Weather—Attempted Wife Murder.

CHICAGO, Jan. 17.—The Logan fight for the Senatorship is the topic of general conversation. The caucus occurs to-night. It is admitted that Logan has a majority of the votes. A bolt is not likely. Ten candidates have agreed to abide by the decision of the caucus.

The testimony in the Reno case so far is favorable to Reno. He will be proven innocent unless more damaging evidence is produced.

It is drawing to-day and there are chances of a river break-up.

Ed. Simmons, while drunk, attempted to murder his wife at Cedar Rapids, Iowa, last night. She was shoelegally mangled with a hatchet and knife.

#### A Singular Death.

##### Special to the Star.

INDIANAPOLIS, Jan. 17.—A startling account is published here of the miraculous death of Leonard Grover, at Newtontown, Fountain County, Ind., Tuesday night. While asleep in his bed he was struck by a meteoric stone of over twenty pounds weight and instantly killed.

The stone must have come with fearful impetus as it shot through the roof of the house, passed through the breast of Grover, down through the bed and floor, and was unearthed from a depth of seven feet in the ground.

A shroud is probably without a parallel in this or any other country.

#### BELOW ZERO.

##### Severe Snow Storms in the East.

##### National Associated Press to the Star.

BOSTON, Jan. 17.—To-day is the coldest of the season in Maine and New Hampshire. The thermometer at Falls, N. H., is 16° below zero. In Bangor, Maine, it is 25° below.

Reports from the northern portions of the State show that much snow has fallen, and at Reading it is nearly a foot in depth, and in the surrounding country from ten to fourteen inches have fallen. Trains are somewhat detained in all directions, and especially those from the North. At Easton business was nearly suspended yesterday, fifteen inches having fallen.

NEW YORK, Jan. 17.—The streets are blocked with snow, and travel of all kinds is seriously impeded. On all surface railroads teams were doubled up in their trips and cars were packed with passengers despite the elevated roads.
